Screw Closure Size: 28/400 mm

Weight: 41 g

Height: 224 mm (8-13/16 inch)

Category: [Bottles](#) Tags: [750ml](#), [Black](#), [Bottle](#), [PET](#)

Description

Material: PET - Polyethylene terephthalate (sometimes written poly), commonly abbreviated PET, PETE, or the obsolete PETP or PET-P, is the most common thermoplastic polymer resin of the polyester family and is used in fibers for clothing, containers for liquids and foods, thermoforming for manufacturing, and in combination with glass fiber for engineering resins.
